ANANDA VARDHAN BATHENA

Dual Degree in Communication Design
IIT Bombay, Class of 2017-22

A professional video camera is mounted on a tripod, positioned on the left side of the frame. The camera is a silver and black model, likely a Sony or similar high-end brand, with a large lens and various controls visible. It is mounted on a black tripod with a fluid head. The background is a hazy city skyline at sunset or sunrise, with warm orange and yellow light in the sky and silhouettes of buildings and trees in the foreground. The overall mood is professional and artistic.

In the Quest for Mastering

Video & Audio

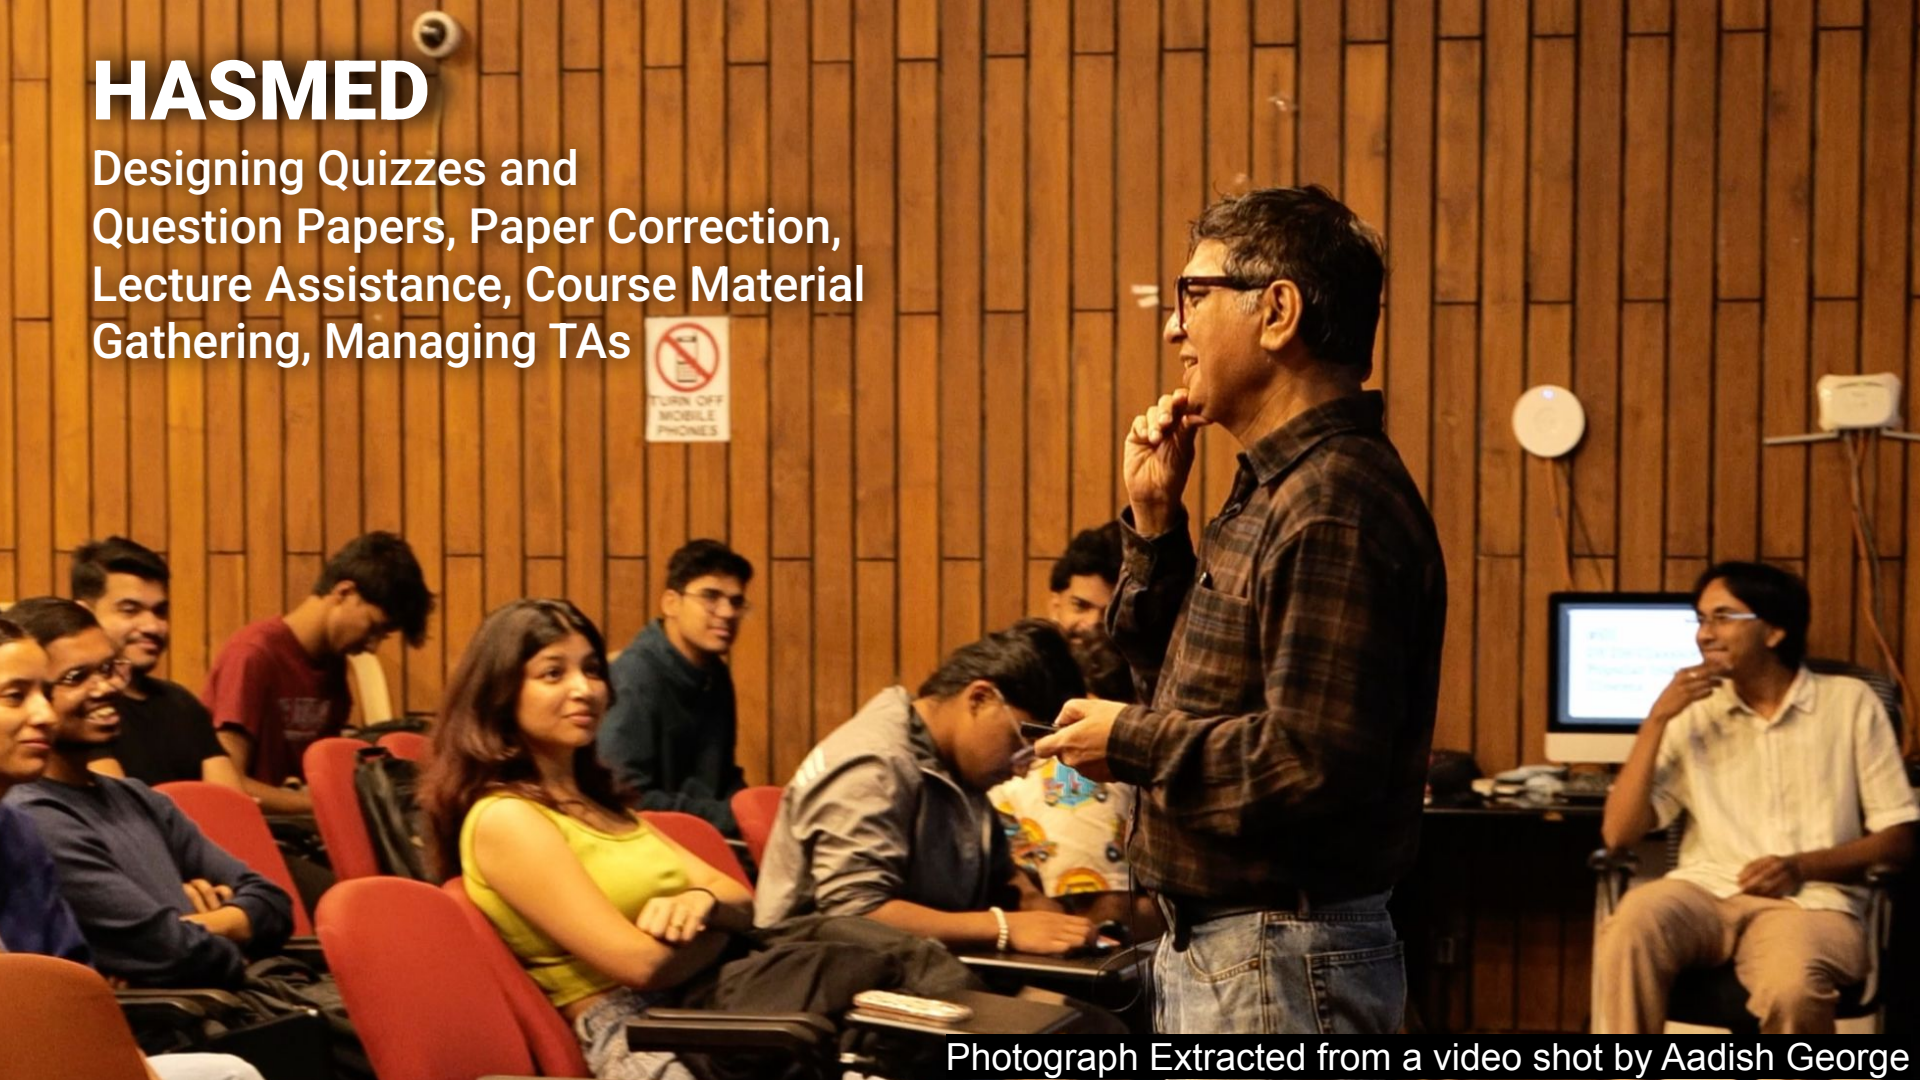

A surveying instrument with a camera mounted on a tripod, overlooking a city at sunset. The instrument is black and silver, with a camera lens visible. The background shows a city skyline with buildings and trees, bathed in the warm light of a setting or rising sun.

1. Sound Design Process for Into The Manhole
2. Into The Manhole wins at FICCI BAF AWARDS, Banda Shiva Teja (Technical Director) and myself (Music and Sound Director) receiving the award.
3. Into The Manhole wins at Courant 3D, received by Prof. Jayesh Pillai.

Exploring and Understanding where
Generative AI can be useful.

Is it the Future Tool for storytelling?

(Ongoing exploration through personal
projects and institute film projects)

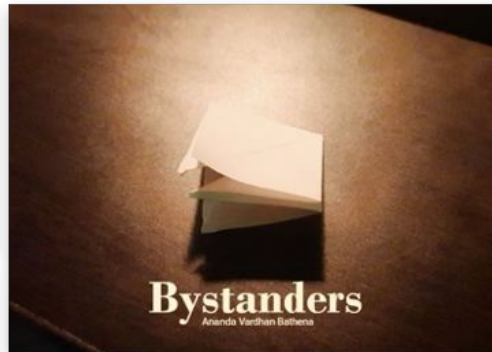

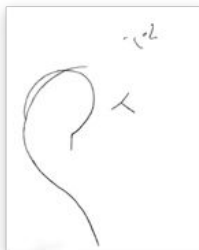

VR Filmmaking Workshops

with Prof. Jayesh Pillai

Guiding students in production process for VR Filmmaking for effective integration of Spatial Audio into VR Films.

Versatility

Versatility

Why Design Education?

Passionate about Mastering the two key senses for immersive experiences:
sight and sound

Immersive Experiences.

Need to stay up to date with the latest developments.

Longterm Goal - Phd in VR

Thank You
